## CARRANZA IS NOT PRESIDENT

(Continued from page 1.)

of the "Constitutionalist" movement, has not been named provisional president of Mexico. Carranza, as the declaration of Dr. Samuel Navarro, who returned here last night from the congress of revolutionists at Monclova, Coahuila, where he represented the state of Chihuahua.

"Carranza as provisional president would have no more claim to that title than Huerta," declared Dr. Navarro, who met at Monclova with delegates from Sonora and Coahuila, which, with Chihuahua, are the three states most actively in rebellion against the Huerta government. "We merely ratified the plan of Guadalupe, which named Carranza as military head of the 'Constitutionalist' movement, nothing more."

Dr. Navarro showed the written plan which was drafted at the conclusion of the conference on April 18.

At the Monclova meeting, Roberto B. Pesquera was made envoy to Washington, the capital of the "Constitutionalist" party. He already is on his way to the capital. Pesquera is a nephew of the insurgent governor of Sonora, Adolfo de la Huerta, named American representative for the district along the border.

### SAYS CONDITION IN PARRAL DESPERATE

A. J. McQuatters, president of the Alvarado Consolidated mining company arrived in El Paso Monday from Parral, after an overland trip to Ortiz and from there to Chihuahua in a special train. ### Today's Beauty Recipes

By Mme. D'Mille.

"A woman feels like crying when she finds her comb full of hair. Falling hair, and faded, dull and brittle hair means that the scalp is harboring a parasite that destroys hair. Mother's Shampoo removes these parasites and puts the scalp in clean, wholesome and healthy condition, so that the hair will grow luxuriantly."

"Eyes may sparkle like diamonds, or be the color of precious gems, but if the eye-lashes are thin and straggly, their appearance will not be pleasing. Plain protein massaged into the roots of the brows and lashes will cause them to grow long, even, silken and darker in color."

"Delatone is so popular as a superfluous hair remover because its use does not discolor or roughen the skin. To remove hair on the face or forehead cover the surface for a minute or two with a little paste made by dissolving delatone and water. When the paste is removed the hairs will be gone."

"Thin necks, scrawny shoulders and undeveloped busts are greatly improved by the famous Vaseline home treatment. Make a syrup of 1-2 cups sugar and a pint of water; then stir in an ounce of Vaseline. Make two teaspoonfuls before each meal."

"Headaches, pains in back or joints, rheumatism, sore muscles and other aches yield to Mother's Salve, which penetrates the pores and relieves almost instantly."

"Every woman is responsible for her complexion, and a good complexion is woman's greatest charm. To correct facial blemishes, remove muddy spots and make the skin fresh, fair and lovely, gently massage the face, neck and arms each morning with a lotion made by dissolving an entire package of mayatone in a half pint of witch hazel."—Advertisement.

## FIRE LOSSES

Fire Chief Armstrong's Report Will Recommend 2 Central Fire Stations.

Total valuation of the buildings involved in first alarm fire, which occurred in 1912, ending March 31, 1913, was \$2,045,438. The insurance on the buildings amounted to \$1,622,184. Combined that the total loss from fires was \$2,823,254. Including buildings insured and uninsured. These figures show in the annual report of fire chief W. W. Armstrong which will be submitted to the city council, the best that has ever been made by the fire department. It is claimed.

During the year the department responded to 318 alarms, an increase of 10 over last year. There were 139 alarms received by box were 71, by telephone 112. Twenty-eight still alarms were turned in. There were 139 fires in brick, stone, concrete, and adobe buildings. Frame and wooden buildings come in 56. There were 65 fires in building fires there were 65. There were 58 false alarms turned in.

Suggested New Central Station.

Among the most important recommendations in the chief's report is the one calling for the abolition of the central fire station and the erection of two others, one near the chamber of commerce, and one near the city hall. The chief's report states, and erecting the two stations as suggested, the protection will be afforded for some time to come.

It is also recommended that a telephone exchange be installed at the central station for the reason that the fire alarm boxes in the middle and outlying district in many instances are far apart.

The fire chief recommends installing a work shop for the department and the employment of a competent blacksmith and horseshoer.

The purchase of a 10-circuit battery switch board to replace the present 4-circuit board is recommended.

Additional Stations Needed.

A fire station at the corner of Montana street and Cotton avenue and another in the Santa Vista district is also recommended.

The chief recommends that the city twice as many fire trucks as it has at present. The following stations the chief says are in need of repairs: Central station, painting, inside and out; Highland park and East El Paso, require the same, and the central station, overhaul, painting. The purchase of a hose is recommended.

The additions and improvements made during the year at the different stations included: An office built at the Central station; a new telephone; also a wash room; new transmission and radiator were placed on the Robinson combination artesian well; a team of horses was purchased for the Mesa station; trees were planted around that station; a close watch is kept on the station; the station at East El Paso stations; wheels on No. 2 hose cart were rebuilt and the combination wagon at the western station was revarnished; an American LaFrance triple combination engine was purchased and installed at the western station. In his opinion the chief states that the latter engine has almost paid for itself.

### AGREEMENT BETWEEN COMPANIES IS ENDED

Lordsburg, N. M., April 22.—The local telephone exchange and the Mountain States Telephone company, which owns the long distance wires, have dissolved their agreement, having failed to reach an understanding as to the long distance wires. The schools and moving picture theaters closed here when the country physician and Dr. De Moss agreed that Jessie Malone had spinal meningitis. To protect his hand from July floods, A. Feathers is building a levee around his home, northeast of town. He has drilled a well, from which he is pumping about 25 gallons a minute, and storing water in the earthen tank.

Service Army Also Agrees to Ten Day Armistice—Kilika Refuses in Pitiable Condition.

Constantinople, Turkey, April 22.—The Greeks and Serbians today concluded an agreement with Turkey similar to that made between Bulgaria and Turkey by the terms of which hostilities are to be suspended for 10 days. Some 100,000 Turkish soldiers with their families and all his generals, the remnants of the Vardar army and refugees from the fortress of Janina have arrived at Fier on the coast of the Adriatic sea.

The fugitives are said to be in a pitiable state. The troops are mostly ill and suffering from starvation. They are completely demoralized.

The whole of southern Albania has been cleared of means of subsistence by the various armies which have marched through the territory and famishing the remaining inhabitants is imminent.

### RECOVERED FROM SEVERE LUNG TROUBLE

Plenty of fresh air and good food are necessary to persons suffering from lung trouble, but something more is needed to bring about full health. Eckman's Alternative is a medicine for throat and lung troubles, and so many reports have been received showing that it brought about good results in a number of cases which were declared hopeless, that all sufferers who are not benefiting otherwise should at least investigate what it has done for others. Investigate this case:

Madison Lake, Minn.

"Gentlemen: In December, 1908, March, 1909, and September, 1909 I was taken with hemorrhages of the lungs which confined me several weeks, each time to my bed. My doctor advised me to go West.

"In November I started for Denver, Colo. After my arrival I met Michael Brody, who, upon learning of my condition, urged me to take Eckman's Alternative. In about two months I began to feel better. I kept on taking the medicine and improved fast. In March, 1910 I returned home. I think I am entirely well, have a good appetite and sleep well. When I left Denver my weight was 130 pounds. I now weigh 165, my normal weight. I thank God and your Alternative for my recovery."

(Above abbreviated; more on request.)

Eckman's Alternative has been proven by many years' test to be most efficacious in cases of severe Throat and Lung troubles, Bronchitis, Bronchial Asthma, Stubborn Colds and in up-building the system. Does not contain any dangerous drugs or habit-forming drugs. For sale by Kelly & Pollard, Knoblauch Drug Co., People's Drug Store and other leading druggists. Write the Eckman Laboratory, Philadelphia, Pa., for booklet telling of recoveries and additional evidence.—Advertisement.
